

## CURRICULUM VITA

Name	:	<b>DR. SOMDATTA GHOSH</b>
Designation	:	<b>Assistant Professor</b>
		<b>Department of Botany</b>
		<b>Midnapore College (Autonomous)</b>
		<b>Midnapore- 721101, W.B</b>
Education Qualification	:	<b>M.Sc, NET, Ph.D</b>
Permanent Address	:	RPM ROAD, UTTARPARA, HOOGLY
Contact Number	:	+91 9433422045
Email Id	:	<b>somdattaghosh@yahoo.co.in</b>
Joining	:	09/08/2006

➤ **List of research papers published in National/ International journals:**

- i) **Ghosh, Somdatta** and N. K. Verma. Seasonal variation of mycorrhizal status in rhizosphere of six plantation species grown in red lateritic soil of south West Bengal. *Mycopathology Res.* 42(2)2004.
- ii) **Ghosh, Somdatta** and N. K. Verma. Effect of three indigenous and one exotic AM fungi on growth of *Acaciaauriculiformis* and *Eucalyptus tereticornis* grown in red lateritic soil. *Mycopathology Res.* 42(2).2004.
- iii) **Ghosh, Somdatta**, D. K Bhattacharya and N. K. Verma. Mustard (*Brassica campestris* L.) cultivation reduces the vesicular arbuscularmycorrhizal advantage of successive crops. *Mycorrhiza News.* 16(2).2004.
- iv) **Ghosh, Somdatta**, R. Biswas, H. Bhattacharya and N. K. Verma. Growth and mycorrhizal dependency of *Acacia* .....lateritic soil. New Forest. Springer.
- v) **Ghosh, Somdatta**. Variation of arbuscularmycorrhizalstatus..... monsoon. *Mycorrhiza News.* 2007
- vi) **Ghosh, Somdatta**. Effects of..... seedlings in lateritic soil. *Indian J plant physiol.* Springer.2008
- vii) **Ghosh, Somdatta**.Impact of seasonal variations.....*Eucalyptus tereticornis*. *Mycorrhiza News.* 2011
- viii) Requirement of Arbuscularmycorrhizalinoculum.....seedlings in lateritic soil. *Indian Forester.*2011
- ix) **Ghosh, Somdatta** and N. K. Verma D. Kuila. Comparative productivity and mycorrhizal infectivity of fly ash with other soils and standerdization of amendment ratio of fly ash with lateritic soil. *J mycopathology Res.*2015
- x) **Ghosh, Somdatta** and D. Kuila. Comparison of arbuscularmycorrhizal colonization and spore density in vegetation of fly ash deposited area of Kolaghatthermal power station and normal soil vegetation.2015

➤ **List of Books/chaptpaers in book published :**

- i) **Ghosh, Somdatta**. Impact of chemicalfertilizers and other agrochemicals in conventional

- agricultural practice on mycorrhizae in agricultural field. **Ecology and Biotechnology of Mycorrhizae**(Ed. P.C di) I.K International Publ New Delhi.2009
- ii) **Ghosh, Somdatta** and N. K. Verma. Arbuscularmycorrhizal status in lateritic soil of south west Bengal. **Advances in Botany** (Ed. S. Mondol). Viswabharati Publication.2007
- iii) **Ghosh, Somdatta.** Diversity of Arbuscularmycorrhizal colonization varies with habit and habitat of host plant and seasons. **Biodiversity: Natural wonders. 2011.** ISBN 978-93-80663-61-6.
- iv) **Ghosh, Somdatta,** and N. K. Verma D. Kuila. Arbuscularmycorrhizal dependency of plants. **Recent trends in biofertilizer** (Ed. B.R. Pati& S.R. Mondol). I.K. International Publ, New Delhi.2015

➤ **Area of Teaching:**

- i) Biotechnology
- ii) Ecology
- iii) Taxonomy
- iv) Biochemistry

➤ **Area of research**

- i) Biofertilizer application
- ii) Mycorrhizal application in agriculture, forestry and fly ash restoration

➤ **Associated with any other Organization:**

- i) International SOCIETY OF TROPICAL ECOLOGY, BHU
- ii) MYCOLOGICAL SOCIETY OF INDIA
- iii) THE ENERGY AND RESEARCH INSTITUTE (TERI)

➤ **Other Activities:**

- i) NSS Program officer(2008-2012)
- ii) Ph. D supervision

➤ **Extracurricular Activities**

- i) Recitation
- ii) photography
